

“We strive to deliver the same quality care that we would expect for our own families, and for ourselves.”

H. JEAN WRIGHT, RN

When Jean Wright was a child she began to dream of becoming a home care nurse when a friend of her mother’s would stop by and tell of the difference she was making in the lives of her home care patients.

Her dream was realized when she graduated from nursing school and after spending a year at the hospital Jean began working as a home care nurse.

Over 30 years later, the dream continues as ASSURANCE HomeCare, which provides nurses and nurse aides to assist clients in their homes...wherever they call home.
